2 PANELS SIDE OPENING CAR DOOR

Jet-s

AUTOMATIC CAR DOOR

2 panels side opening

Whether for new installations or for modernisation projects, the JET-S door allows you to combine all your needs together.

Dimensional requirements, adaptation to existing landing doors regardless of whether or not they are SLYCMA brand, technological performance: all these parameters are fully integrated, ensuring a perfect match between your lift and our car door.

Control by frequency variation:

- Pleasant to use
- Compact design
- Proven and standardised technology
- **Fast and easy** commissioning
- **Adaptable** to all uses
- Consideration of the environment
- Means to maintain the unit in operation
- The guarantee to be in compliance with current standards and legislation
- Automatic stroke programming
- The **anti-pinch** system (glazed door)
